SUMMARY

- Over 10 years of experience in web development with a focus on front-end technologies.
- Expert in Angular; built multiple scalable Angular web apps and Ionic mobile apps.
- Currently gaining hands-on experience with React.js, Vue.js, and Django.
- Exploring Docker containerization and CI/CD with GitHub Actions; basic AWS knowledge.

EXPERIENCE

EXPIAN TECHNOLOGIES PVT LTD (THE SCALERS) | TECH LEAD

Oct 2018 – May 2025 | Bengaluru, Karnataka

- Building scalable front-end applications with Angular for a leading French retail enterprise.
- Designed, developed and implemented a reusable theme library using Angular and Angular Material, resulting in a 40% reduction in development time across multiple projects.
- Developed several Angular web applications for Taxback International, an Irish-based organization specializing in VAT compliance, reclamation, and consultancy.
- Integrated multilingual support across all applications to enhance accessibility and user experience.
- Externalized configuration files to decouple configuration parameters from the application code, improving flexibility and ease of environment-specific deployments.
- Collaborated on the creation of a CI/CD pipeline, streamlining deployment processes, and achieving a 60% decrease in deployment time.

THINKPALM TECHNOLOGIES PVT LTD | SOFTWARE ENGINEER

Feb 2018 – Oct 2018 | Kochi, Kerala.

- Designed and led the development of a scalable Angular web application from the ground up, establishing a solid architectural foundation and best practices.
- Mentored junior developers, providing guidance on best practices, code quality, and Angular development techniques.

CODETOK PVT LTD | SENIOR ANGULAR / IONIC DEVELOPER

Feb 2015 – Jan 2018 | Kochi, Kerala

- Actively contributed to the development and deployment of Angular-based web applications.
- Designed, built, and launched cross-platform mobile applications using the Ionic framework.
- Led and managed a team of three developers, providing technical guidance and project coordination.
- Developed and hosted a RESTful API backend using Django.
